Commissioner for Patents

Dave Willse
Primary Examiner
Art Unit: 3738

The reply filed on October 31, 2007, is not fully responsive to the prior Office Action because of the following omission or matter:

The Applicant has again presented arguments directed towards the examiner's requirement that the drawings show the claimed second end formation and the second end chamber, but the final Office action of April 16, 2007, is clearly adverse to the Applicant's previous request for reconsideration. Under MPEP § 1002, the Applicant should have submitted a Petition to the Director under 37 CFR 1.181 within two months of the mailing date of said Office action. Failure to either submit such a Petition within two months of the mailing date of the present communication or provide appropriate corrected drawing sheet(s) within the period for response set forth below **will result in abandonment of the instant application.**

Since the above-mentioned reply appears to be *bona fide*, applicant is given **ONE (1) MONTH or THIRTY (30) DAYS** from the mailing date of this notice, whichever is longer, within which to supply the omission or correction in order to avoid abandonment.

EXTENSIONS OF THIS TIME PERIOD MAY BE GRANTED UNDER 37 CFR 1.136(a).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Dave Willse, whose telephone number is 571-272-4762 and who is generally available Monday, Tuesday, and Thursday. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Corrine McDermott, can be reached on 571-272-4754. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
